WITH IVANTI ENDPOINT SECURITY,
BE MORE...

PRODUCTIVE

Spend up to
80%
Less Time Patching

+

Spend up to
75%
Less Time Reporting

> With Ivanti, we can also get the correct applications to these employees quickly, in under two hours, creating a happy end user.

SECURE

Patch in hours to days and help ensure employees run only approved applications.

**Check the essential security strategy components off your list,** including the first five security controls on the Center for Internet Security's Critical Security Controls list.

> Had we not patched, we'd most likely have had a breach or incident with WannaCry.

COST EFFECTIVE

176%
ROI

1.4 M
YEAR 1

Save up to $1.4 million in year 1 through risk reduction and better patching, reporting, and insight into software costs.

UNIFIED

From Ivanti: Ivanti unifies IT and Security Operations to better manage and secure the digital workplace. From PCs to mobile devices, VDI and the data center, Ivanti discovers IT assets on-premises and in the cloud, improves IT service delivery, and reduces risk with insights and automation. The company also helps organizations leverage modern technology in the warehouse and across the supply chain to improve delivery without modifying backend systems.
