Avalanche Info

Here you can set the credentials of your first enrollment rule. Edit the information below or press **Next** to accept the auto-generated values.

Avalanche Address: WIN-T9C9SOKL23G

Enrollment ID: gsd

Enrollment Password: gsd

NEXT

Accelerates Delivery

Simplifies installation, provisioning and implementation of Avalanche

Automates Processes

Applies self-signed certificates, sets up databases, and creates a distributed tree structure

Speeds Configuration

Run a pre-install system check, apply payload apps for Velocity, and add simple staging, such as Zebra StageNow

Minimize Business Risk

Securely deploy Android in retail and supply chain operations while hitting milestones for time and budget

Trusted Rapid Management Easily Deployed with Ivanti Avalanche, powered by Wavelink

TRY RAPID MANAGEMENT TODAY
