

Thrive 4 Steps to ~~Survive~~ in the Everywhere Workplace

WFH is so last year.

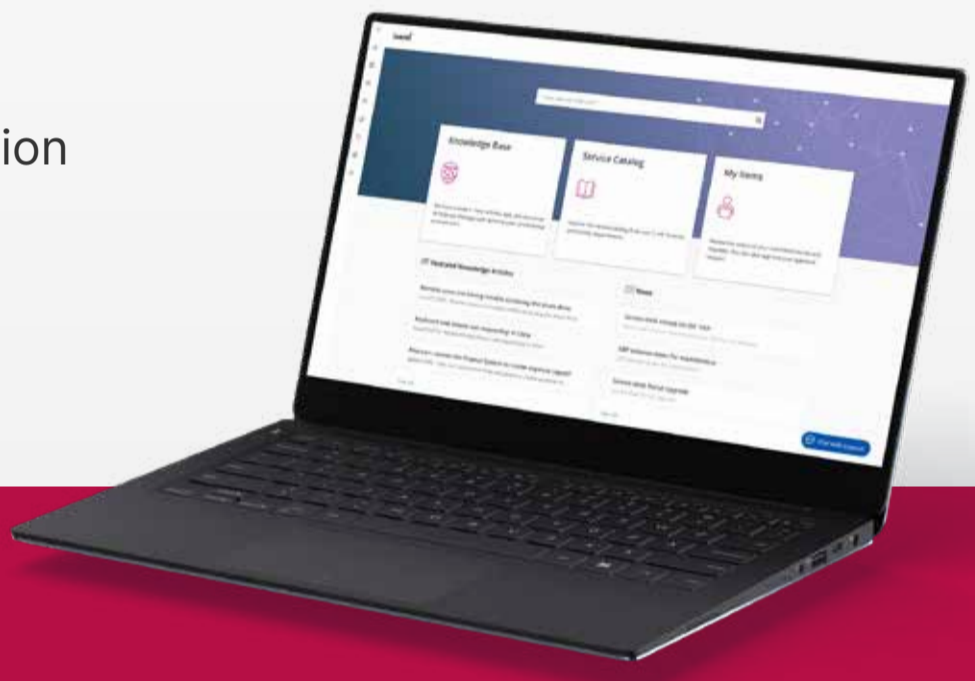

**From here on out, it's WFE
(Work From Everywhere).**

Ivanti makes the Everywhere Workplace possible, with hyperautomation that finds, heals and secures devices whether they're down the hall, around the globe or in the sand at your new beachfront remote office. (Yes, everyone can hear the waves in the background on your calls.)

Shaken up by the rapid shift to WFH?

Let's smooth out the permanent transition to WFE. You're four steps away from thriving in the Everywhere Workplace.

1 Discover

Map every endpoint, everywhere.

2 Manage

Intuitive, automated endpoint management from a single console.

3 Secure

Protect any device, corporate-owned or personal.

4 Service

Get a framework for a more efficient enterprise.

The Everywhere Workplace is here.
Thrive in it with Ivanti.
