

Meraki Systems Manager is retiring.

Plan your move to Ivanti now.

Cisco is exiting MDM and has partnered with Ivanti to offer Ivanti Neurons for MDM to Meraki Systems Manager customers — available through Cisco SolutionsPlus and Ivanti's authorized partners.

THE RETIREMENT TIMELINE

END-OF-SALE ANNOUNCED

Dec 3, 2025

LAST DAY FOR NEW 1-/3-YR LICENSES

June 3, 2026

END OF SUPPORT — MIGRATION COMPLETE

June 3, 2029

Why move to Ivanti

- **Low-friction transition**

Supports the OSs you manage today — iOS, iPadOS, watchOS, Android, macOS, ChromeOS and Windows.

- **Security that scales**

Add mobile threat defense, conditional access, per-app VPN and passwordless MFA — no second migration.

- **Buy the way you already buy**

Through Cisco SolutionsPlus and your Cisco partner, or through Ivanti and its partners.

- **A foundation, not a dead end**

Part of Ivanti Autonomous Endpoint Management — grow into visibility, patching and automation.

- **Lower operating cost**

Cloud enrollment, over-the-air provisioning, apps and policy from one console.

- **Backed by Cisco and Ivanti**

Cisco has partnered with Ivanti as the path forward for Meraki SM customers.

Choose the path that fits

GOOD

Ivanti MDM Cisco Bundle

Lightweight, mobile-focused Meraki SM replacement available exclusively through Cisco SolutionsPlus.

You must be a Cisco Authorized Reseller to sell this offering.

BETTER

Ivanti Neurons for MDM

Full multi-OS device management with broader visibility and IT control.

BEST

Ivanti Neurons for MDM Premium

For security-first teams: Zero Trust access, secure email/browsing, per-app VPN and passwordless MFA.

Minimum purchase is 50 licenses on a 12-month term for new subscriptions.

What migration looks like

01 Assess
Inventory, OS mix and enrollment.

02 Design & pilot
Policies, apps and certificates.

03 Migrate in waves
With managed-service options.

04 Decommission
Retire Meraki SM once every device is on Ivanti.

Book your 30-minute migration readiness review
